ONWARD MARCH OF MEXICAN REBELS

Tuxpam and Monclavo Fall Into Their Hands During Past Few Hours.

SILLIMAN IS SAFE.

American Vice Consul is Expected to Arrive at City of Vera Cruz Some Time During Today.

Washington, May 16—Tuxpam, 60 miles from Tampico, fell into the hands of the rebels according to information from Spanish refugees given to Consul Canada at Vera Cruz, They said Generals Aguila and Blanco were the captors.

John R. Silliman, American vice consul at Saltillo, is safe on his way to Mexico City, according to information to the State Department from the Brazillian minister in Mexico City today.

The dispatch said that Silliman was due to arrive in the capital either last night or either this morning but that his delay was probably due to the tearing up railroad tracks between Saltillo and Mexico City,

Paredon, Coauhila, Mexico, (via Torreon), May 16.—Surprised by constitutionalist scouts, 500 federals who escaped from Conclava, when that stronghold was captured by rebel forces yesterday, are cornered today in the sand hills north of here. Latest reports showed a desperate struggle was in progress.

Message at dawn today said that fifty fleeting rebels were killed when they stumbled into the camp of the constitutionalist soldiers. The rear guard of General Villa's army, which was to have marched south to join him in the attack on Saltillo, turned noth to reinforce the scouts and cut off the retreat of the Monclava federals who are evidently trying to reach Saltillo, A cavalry force sent from Monclava last night is harrassing the rear of the fugitive column.

The sudden fall of Monclava was a surprise.

Villa several days ago ordered Gen. Francisco Murgia, with 3,000 troops to attack that city, one of the northern federal strongholds. The federals were supposed to have been well equipped with artillery and prepared for a long siege. According to wo brought from Monterey they evacuated ed late yesterday leaving nearly 200 dead. The rebel loss is given at 50.

A general rebel assault on Saltillo may be expected before midnight although it is generally believed Villa will not open the attack before Sunday night. The main body of his troops which proceeded toward Saltillo in box cars is thought to have trained ten miles north of Saltillo today. Flanking parties are marching over land.

WILL STOP GAME ON SUNDAY.

Protests of Citizens Lead Commissioners to Order Stop to Contest in District.

Washington, May 16.—If an attempt is made to play the game scheduled for tomorrow between the R. P. Andrews ball team and the Baltimore Federals, the police will stop the exhibition and arrest the promoters and players.

This announcement was made this morning by Major Sylvester, Superintendent of Police, who said that no notice of any injunction had been served on him, and that it was his intention to carry out the orders of the Commissioners and stop the game.

Florence Italy, May 16.—The blowing up of explosives by ultra violet rays, from a considerable distance is claimed by a young Florentine inventor. It is said that with electric ultra violent rays, under the supervision of Admiral Fornario the inventor ten miles away, exploded a box of powder. The powder was in a gutta percha box, which in turn was incased in porcelain, asbestos, wood, and finally wrought iron

Literary Society Meeting—Preliminary Track Meet at Rosemont Tuesday.

Literary Society Holds Meeting.

The regular meeting of the Alexandria High Schol Literary Society was held last Saturday night in the school building. The meeting brought out a good attendance of both members and visitors, the program for the evening being very interesting. Declamations were rendered by Miss Mabel Henderson, Miss Flora Glasgow, and Frank Johnston, WHedhbrougi Hdf

Miss Henderson declaimed "Th Cross in the Bar," Miss Glasgow, "Curfew Shall Not Ring Tonight," and Johnston Webster's Bunker Hill Address. The debate, the subject of which was "Resolved, that the United States should declare war against Mexico," was won by the affirmative side, Otis Sunderlin, and Miss Carol Leadbeater, who both out-pointed the negative, Tupper Barrett, in every way. The Critic's intelligent report gave glowing mention of the society's progress, and also helped both declaimers and debaters by its criticisms and praises.

Next Meeting May 23.

The next meeting of the society will be held next Saturday night. The subject for debate is "Resolved, that the government should own the public inter-State utilities."

Miss Madeline Martin and John Reardon will uphold the affirmative side, and Miss Corinne Reardon and Waller Barrett the negative. Declamations will be rendered by Miss Mildred Callahan, Miss Sarah Cox, and Miss Nina Fulton.

The preliminary meet in track events was held by the H. S. at Rosemont, Tuesday afternoon. The events were the 100-yard dash, 220-yard dash, the half-mile run, and the mile run. The meet showed that there was much good material for the track team in the school this year, and also for the other field events tried at the school. The school feels confident of making a good showing in the field meet today at Fredericksburg. The men, who will represent the A. H. S., left this morning, accompanied by Mr. Blanton.

At Fredericksburg today, there will be senior and junior classes in the various events, those sixteen and above, and those under sixteen composing the two classes, respectively.

Volley Ball League Formed.

A meeting of class volley ball teams was held in Mr. Blanton's room Thursday afternoon for the formation of a league of class teams. The captains elected for the teams were IV year, Miss Corinne Reardon, III year, Jack Reardon, II year, James Duncan, I year, Elvin Brawner, Miss Kathryn Henderson, and Claude Haynes.

A REMINISCENCE.

Policeman Julian Arnold Killed Twenty-Seven Years Ago Last Night.

On the night of May 15, 1887, Policeman Julian Arnold was shot and killed on the old fair grounds, upper King street. A man named John Curran, a former Alexandrian, but at that time living in Washington, was arrested on the grounds, after he set up a determined fight with the police, on suspicion of committing the crime, but nothing positive could be proven against him.

It was shown, however, that a desperado named Billy Williams, also of Washington, was in the neighborhood at the time. He had disappeared, but he was later captured and sent to the penitentiary for five years on the charge of shooting the officer.

The killing of Arnold was mysterious. A circus had performed that night on the old fair grounds, and, according to the police, they discovered the saloon of Sefer Blouse, opposite, was to be robbed that night, and the officers, after the circus company had folded their tents, had determined to repair to the ring, where they were to await the appearance of the would-be robbers. Arnold upon reaching the ring was shot and a citizen, who had been sumomned to go with him, was attacked by Curran. The two men fought until a policeman arrived and felled Curran. Arnold had in the meantime expired and his murderer fled.

FINDS ENABLING ACT AMBIGUOUS

Attorney General Renders Opinion Defining Voters Eligible.

IS ASKED BY STUART.

Holds That Persons Who Voted at Election Last November are Qualified to Give Signatures.

Richmond, May 16.—Attorney-General Pollard, at the request of Governor Stuart, rendered an opinion yesterday afternoon in regard to the qualifications for signers of petitions for the State-wide prohibition election under the enabling act. The text of the act defining persons who are eligible to sign the petitions is ambiguous. Mr. Pollard interreps it to mean that only persons qualified to vote in the general election of November, 1913, can legally become signers.

A short time ago the Governor received a letter from an officer of the enabling act relating to the qualifications for signers of petitions was causing concern, and requested an opinion from Attorney General Pollard on the question. The language of the act does not make it clear whether persons qualified to vote in the last general election or persons qualified to vote under the terms of the enabling act itself are eligible to sign the petition calling the prohibition election.

It is somewhat unusual for the Attorney General to be called upon by private individuals for a legal opinion, and the Governor, in presenting the request to Mr. Pollard, noted this circumstance in the following letter:

"I beg to hand you herewith a communication addressed to me by by the Rev. James Cannon, Jr., which will explain itself. I have every disposition to comply with any reasonable request made by citizens of the State in matters of a public opinion, and therefore, request you as Attorney-General, to give an official opinion upon the matter referred to, it being understood, however, that I leave it for you to decide whether or not you are bound officially to accede to a request of this nature, and for these purposes."

Section 1, of the enabling act, provides that "whenever such of the qualified voters of the State as shall be equal in number to one-fourth of the number of persons voting in the preceding regular November election of this State for general officers, shall petition the Governor as provided in this act for an election in this state on the question of prohibiting the manufacture for sale and the sale of intoxicating liquors in the State, the Governor shall within ten days after the receipt of a certificate from the Secretary of the Commonwealth issue a write of election, etc."

The phrase "qualified voters," occuring at the very beginning of the section above, is susceptible of two constructions, said the Attorney General. "Either the language means voters who were qualified to vote at the last general election, or voters who are qualified to vote under the terms of the act itself. My decision is in favor of the former construction."

Mr. Pollard says that to allow any other person than one qualified to vote in the last general election to sign the petition would cast some doubt upon the regularity of the petition.

Gets Five Years in Prison.

Norfolk, Va., May 16.—William Geroud, seventeen years old, was convicted and his punishment fixed at five years in the State penitentiary yesterday in the Corporation Court upon an indictment accusing him of assaulting Estelle Loretta Harrison, 965 Eighth avenue, Brooklyn. The girl, who was living here, with the parents of young Geroud when discovered by her father, gave her age as thirteen years. The jury was out several hours.

MRS. ROSENBERG ON STAND.

Gives Damaging Evidence Against Becker.

New York, May 16.—Mrs. Lillian Rosenberg, the young widow of "Lefty Louie," one of the four gunmen electrocuted last month for the part they played in the murder of Herman Rosenthal, yesterday was a witness for the State at the trial of Charles Becker, charged with being the instigator of the plot her husband helped to carry out.

In swearing she heard Jack Rose urge her husband and his three companions to kill Rosenthal, because Becker wanted them to, and that she saw the quartet dividing the money they received in payment for the crime, the pretty widow of the gunman directly contradicted the testimony she gave at his trial and furnished what District Attorney Whitman declared, to be "proof beyond all doubt" that the winesses for the state have told the truth.

On cross examination the widow of "Lefty Louie" was aked why she had not testified at the trial of the gunmen as she did today. With tears in her eyes the girl answered.

"I lied then because I wanted to save the man I loved from the electric chair."

Board of Education Shows Discrimination in Price of Books.

COST ONE THIRD MORE.

Reader Sold in California at Fifteen Cents Quoted to State of Virginia At Thirty-Two Cents.

Richmond, Va., May 16—As a result of proof of exorbitant prices quoted in Virginia for textbooks, collected by the committee whch has been negotiating with the publishers, the state Board of Education decided yesterday to inquire into the cost of renting book plates from the publishers and itself printing all books destined for use in the public schools in Virginia. The committee, since the April meeting of the board, when it was decided not to adopt a list pending an investigation of prices, has secured proof of astonishing discrimination in prices by publishers against Virginia school children.

Reports of schoolbook prices in California, furnished the committee by State School Superintendent Edward Hyatt, show that books offered to the Virginia Board of Education for adoption are on sale in California at price averaging one-third less. For instance,the Progressive First Reader quoted to the Virginia Board of Education at 32 cents is sold to retail dealers in California at 15 cents; a fift reader quoted in Virginia at 40 cents is sold in California at 24 cents; a advanced geography quoted here at 8 cents brings only 54 cents on the Pacific coast.

Agents of several publishing house last night, while not questioning the accuracy of the figures given out by Superintendent Stearnes, claimed that it was not altogether fair to compare the wholesale prices at which books are sold in quantity in one state with the retail price at which it is proposed the dealers shall sell them to individual school patrons in another.

In view of the proof of price discrimination submitted by the committee, the board voted unanimously to postpone an adoption of text books until a further investigation has been made of the situation in order to obtain the books for Virginia school children at the lowest possible prices The board commissioned the same special committee, consisting of Superintendent, Stearnes, Governor Stuart, and Attorney-General Pollard, to negotiate with the publishers for the rental of book plates and to report the result of their endeavors to a meeting of the board to be held on Thursday, May 28.

In the meanwhile, no member of the board except Superintendent Stearnes will receive or confer with any representative of any publishing house, neither will the adoption of textbooks be discussed.

The decision reached by the board yesterday is taken to mean that Virginia will duplicate, as nearly as circumstances permit, the California system. In California the textbooks are furnished to the school children free of cost by the state. The books, which are standard textbooks, used all over the country, are printed by the state printer from bookplates rented from the publishers.

The Virginia State Board of Education cannot furnish free textbooks, of course, neither has the state a public printing plant, but the special committee reported that it had received bids from a private Virginia printer who agreed to print the books at approximately the cost of printing in the California state plant.

If the publishers rent plates on the royalty basis to California there is no reason why they should not be willing to do the same for Virginia, says the board, and the special committee will at once begin negotiations to that end.

NEGRO PROVES ALIBI.

Sandy Brown, Accused of Attacking Mrs. Ella Adams, Acquitted.

Richmond, May 16.—A well-proved alibi yesterday morning secured the discharge of Sandy Brown, colored, from the custody of the Henrico county authorities. The negro had been arrested on charges preferred against him by Mrs. Ella Adams, of this city, who pointed him out to her brother and a friend as the man who had attacked and choked her as she was about to enter her front gate on Friday night a week ago.

Mrs. Adams had been positive in her identification of the man, and it was generally believed by the Henrico officers that the case would be sent on to the grand jury. However ,when arraigned and formally charged with the crime Brown produced six witnesses, who testified that he had not left the railroad shanty that night. All of the men slept in the same room, and each stated that it would have been impossible for Brown to have been absent without their knowing of it.

ESCAPES ELECTRIC CHAIR.

Slayer of Bride Gets Prison Term and Fine of $1,000

Somerville, N. J., May 16.—Not less than five years nor more than ten years in the state prison and $1,000 fine, was the sentence imposed on Alec Chuba yesterday for the deliberate and cold blooded killing of his b of two weeks. Chuba escaped the electric chair only because a Supreme Court Justice in the first instance rued that the ante mortem statement of his wife could not be used to obtain an indictment against him.

Mrs. Chuba's statement to the effect that her husband had deliberately murdered her was not allowed to go before the grand jury, and without it the evidence against Chuba, who declared the shooting was accidental, was so weak that he was indicted for manslaughter instead of murder.

Boy Burned to Death.

Phiuadelphia, Pa., May 16.—While starting a bonfire in the back yard of his home, No. 2028 North Newkirk street, 3-year-old Michael Kurakowitz was so seriously burned that he died some hours later in the Samaritan Hospital. His mother, in trying to beat with her hands the flames which enveloped the child, was also painfully burned.

Mrs. Kurakowitz did not see the boy take some matches from the kitchen where she was working. She went to the front room for a moment and the child slipped out into the back yard. He found some shavings an an old basket and started a fire. A few minutes later the startled cries of a neighbor called the mother to the back yard. Her son was a mass of flames and she was vainly trying to stip the blazing clothing from him in time to prevent serious injury. Mother and son were taken to the hospital and with her arms in bandages she was allowed to go home a little later. The boy lived until 9:30 o'clock last evening.

GOOD WORK IS STILL GOING ON

Alexandria Fertilizer and Chemical Company Gives $1,000.00 to Hospital.

$1,345 ADDED TODAY.

Alexandria County Lighting Company Donates $200—Another Former Resident Heard From.

At 10 o'clock this mornng when the score board was altered it showed an addition of $1,345, of which the Alexandria Fertilizer and Chemical Co, contributed one thousand, and the Alexandria County Lighting Company two hundred dollars,and a contribution of $25 from S. Chapman Neale, of Washington.

It is needless to say that the executive committee having exceeded the thirty thousand dollar mark is most grateful to the people of the community and their outside friends who have assisted in this most commendable charity and they desire to express their thanks to every one who has contributed towards the fund.

Every citizen of Alexandria must be proud to see the spirit that has actuated the donors of this, and who know that in four weeks more than $2.00 per capita of each of their citizens has been raised and that the hospital is now an assured success.

The passing of the thirty thousand dollar mark before the end of the week encourages the committee to press during the next two weeks of the campaign to raise or exceed the $50,00 needed. Every one should contribute to this fund as each citizen and friends of the city should desire to be identified with the movement.

In a letter to Alex. J. Wedderburn containing a contribution for the hospital fund, Mr. S. Chapman Neale says:

"I am very much obliged to you for calling my attention to the movement which has been inaugurated to raise a fund for the Alexandria Hospital, a most meritorious institution, I have always felt a great interest in the hospital and my love for my native town and her people has never abated, and if it were possible, increases as the years go by. It gives me great pleasure to enclose my contribution."

TOMORROW'S BALL GAMES.

Cardinals Vs. Linworth; White Sox Vs. Drillery.

Sunday afternoon the Cardinal Athletic Club will play the Linworth Athletic Club of Washington at 2:30 p. m., on the north Alfred street grounds. The Cardinals are now going at a fast gait and expect to hammer the shoots of Havenner, the Linworth twirler, while Thompson, formerly of the strong Willard team, will be on the mound for the "Red Buds." Carl, who was spiked during last Sunday's game, has recovered, and will cover third base while Devers, Nugent and Merchant will make up the rest of the infield.

The Drillery Base Ball team of Washington, D. C., will be on hand to play a game with the White Sox at the Point at 2:30 p. m. The Drillery is one of the strongest teams of the District, composed of some of the sand lot stars of the northwest section of the city.

The White Sox will have strongest line-up to meet them, with Cox, Risdon or Seaton on the mound, Jones behind the bat, and the regulars at their posts. A good game is expected.

The Fairfax Observer says:

"At a meeting at Falls Church April 21st, R. Walton Moore, member of the late constitutional convention of Fairfax, was to have made an address. A pressing business engagement kept him away. But in a letter of regret read by the chairman, Mr. Moore said:

"I had no hesitation in supporting the Enabling Act, since it seemed to me altogether just and reasonable that an opportunity should be afforded the voters to express themselves on a question which has been the subject of such long and earnest investigation and debate. And now that the opportunity is afforded, I shall have no hesitation in givng my support to the cause of state-wide prohibition, firmly convinced that its success will be to the great and lasting advantage of the people of Virginia.

MAY ABOLISH 25 CT. FEE

Ladies' Mount Vernon Association Will Consider Suggestion at Today's Session

The practice of collecting a 25-cent fee from visitors to the home and tomb of George Washington may be abolished at today's session of the annual meeting of the Mount Vernon Ladies' Association, now in session at the Washington mansion.

For years it has been the custom to charge all visitors a fee of 25 cents, which is devoted to the upkeep of the mansion and the grounds, but considerable sentiment has arisen against the practice of late years It is understood the association will vote on the question today.

J. Pierpoint Morgan, through Miss Townsend, the State regent of New York, has presented to the association an original map of a survey made by George Washington of the grounds of the Custis estate at Mount Vernon. Miss Townsend said in her report that the late J. Pierpoint Morgan had tried for several years to gain possession of the survey, for presentation to the association. His son obtained the map after the death of the elder Morgan, and, following out his father's wishes, gave it to the association.

Four new vice regents were named at the meeting yesterday. They are Miss Harriet L. Huntress, of New Hampshire; Mrs. Charles S. Furness, of Minnesota; Mrs. Benjamin D. Walcott, of Indiana; and Mrs. Louis Hanks, of Wisconsin.

Col. R. M. Thompson presented the association with a china cup and saucer from a set given to George Washington, by the Count de Custine, one of the French patriots who fought in the revolution.

Announcement was made that donation and collections for the general fund and the work of restoration at Washington's tomb had amounted to $74,193.14 since 1861, not including gate receipts.

ODD FELLOWS RETURN.

Members Who Attended Meeting of Grand Lodge Greatly Pleased With Experience.

At the Grand Lodge, I. O. O. F., in Lynchburg this week, the Odd Fellows of this city, were largely represented.

Canton Alexandria, No. 1, Patriarchs Militant, did magnificent work in conferring the Degree of Chivalry on two ladies at the City Hall, and the laying of the cornerstone at the new Chapel building at the Odd Fellows' Home, and while on parole attracted favorable comment.

The Board of Trade and the different social clubs extended them and their lady friends a hearty welcome.

Considerable business of importance to the order was transacted in the various departments, while in legislative sessions.

The next trip of the Alexandria Canton will be to Atlantic City, where the Sovereign Grand Lodge will hold its annual session next September 14th.

SPECIAL SERMON.

A special sermon will be preached tomorrow morning by Rev. Dr. John Lee Allison, pastor of the Second Presbyterian church. His theme will be Peace.

The Federal Council of the Churches of Christ in America and other peace organizations request that sermons be delivered throughout the country tomorrow, to foster the spirit of peace and good will.

MILITARY MASS.

The military mass in honor of the dead of the Spanish-American War and also those who died at Vera Cruz, will be held at 10 o'clock tomorrow on the Monument grounds, and the men of Alexandria will leave on the 9 o'clock electric train and get off at the Bureau of Printing and Engraving.

INFANTRY RECEIVES ORDERS.

Orders have been received by the officers of the Alexandria Light Infantry to the effect that the annual camp of instruction will be held in Fredericksburg on May 31st, unless unforeseen circumstances in Mexico require another cancellation of the orders. The officers from Alexandria who will attend are Major James E. King, Captain F. L. Slaymaker, Lieut. H. Noel Garner and Lieutenant Conrad Johnson. The camp will be held from May 31st to June 6th. The Alexandria Light Infantry is now holding drills on Mondays, Wednesdays and Friday nights and recruits are being added every drill night.

NEWS OF THE OLD DOMINION

AGAINST MRS. HALL.

...tains on Shirt Waist Found Under Bundle of Rags.

...sa, Va., May 16.—Under a pile ...gs in the corner of the pantry ...ll's Store, at Green Spring, a ... waist covered with dark stains ... been found. The stains appear ... have been made with blood. They ... over the front of the garment, ex...ding to the shoulder. An affi...davit has been made that the morning after the murder of Mr. Hall the eld...est daughter of Mrs. Hall said that her mother's face was spattered with blood when the girls got down into the store from their room. Mrs. Hall herself says there was blood on her hand, and that she got it when she raised her husband's head and slipped the bolster under it.

It was said by a grand juror yesterday that after Miss Wood had testified, Miss Ruth Chewning, with whom Miss Wood spent the night after the Hall murder was called before the jury and stated to the jury that Miss Wood told her that when she (Miss Wood) reached the store room she found Mrs Hall bending over Victor with a bottle and that Mrs. Hall said that she was trying to make Hall forget what had happened in the event that he should recover. Miss Wood subsequently denied to the jury that she made such a statement to Miss Chewning.

After Miss Wood was excused Thursday the grand jury in conference decided to return a true bill against Mrs. Hall.

Commonwealth's Attorney Bibb was directed to prepare the necessary papers. The foreman of the jury announced that the indictment would be signed and presented to the court as soon as one or two more witnesses could be examined.

The additional witnesses are not expected to throw any additional new light on the case, but the judge, when he charged, the jury, directed it to hear all the witnesses summoned.

When Miss Wood entered the jury room Thursday afternoon, being recalled, she was plainly told that the jury feared she had not given all the information in her possession.

Miss Wood replied that she could only repeat her testimony already given. This she did, answering a number of questions concerning details.

She fully convinced the jury that she was withholding nothing.

Few who have talked with her believe that she is suppressing or trying to surpress anything.

V. M. I. BOYS CELEBRATE.

Observe Fiftieth Anniversary of Battle of New Market.

Winchester, Va., May 16.—The fiftieth anniversary of the battle of New Market, in which the cadets of the Virginia Military Institute, of Lexington, took part was celebrated yesterday on the battlefield at New Market, Shenandoah county. Among the crowds were a number of the men who participated in the battle with General Franz Sigel.

The entire corps of cadets, headed by Colonel Jennings S. Wise, United States Army commandant of the institute, marched from Lexington over the Shenandoah Valley pike, traversing the same route taken by the boys of '64. They left the "West Point of the South" Friday and marched about 15 miles a day, camping each night in the suburbs of towns along the route.

A portion of Wednesday was spent at Harrisonburg, where in Woodbine cemetery, appropriate memorial exercises were held at the graves of three of the cadets of 50 years ago, Joseph W. Latimer, the boy major; Col. Simeon B. Gibbons, the first commander of the Tenth Virginia Infantry, and Col. O. B. Roller, of the Second Virginia Volunteers, in the Spanish-American war. Colonel Wise read a memorial, and three volleys were fired by the cadets.

The corps of 327 cadets were allowed a day's rest upon reaching New Market, and the boys were in good shape for their part in the celebration. Members of the veteran corps came from many parts of the country for the exercises.

Before the parade took place the cadets were lined up on the south side of Shirley's Hill, the first position of the corps that took part in the battle 50 years ago, and from that point they marched over the same route taken by the lads who are now grizzled veterans. In the parade were bands of music, Confederate Veterans, Daughters of the Confederacy, Boy Scouts, public school children and citizens.

The principal speakers were Colonel A. B. Colonna, of Washington, and former Attorney General Samuel W. Williams, of Virginia.

Records show that the battle of New Market was fought by Federal forces numbering from 10,000 to 12,000 under General Franz Siegel, and 4,000 Confederates, commanded by General John C. Breckenridge. The Federal losses were 247 killed, 500 wounded and 240 missing, while the Confederate losses were 68 killed and 337 wounded.

BOYS ESCAPE FROM JAIL.

They Are Recaptured After Swimming River Near Norfolk.

Norfolk, Va., May 16.—Herman Addison and Chapman Willis, aged 17 and 16 years respectively, escaped from the city jail yesterday by sawing a bar in the window and making a rope of their blanket.

The saw was fastened from the spring in Addison's shoe. Later they stole two bicycles, rode to the Elizabeth river and were captured after they had swam from one wharf to another, a quarter of a mile. The boys were charged with burglary and were being held for the reformatory.

ARTILLERY GETS ORDERS.

Part of Original Plan, Declares Secretary Garrison.

Washington, May 16.—Activity, which began Thursday in Government arsenals and at coast artillery posts, follows the precautionary arrangements of the War Department in the Mexican situation, Secretary of War Garrison said yesterday. The Secretary declared that no new orders had been issued to any branch of the service.

"The coast artillery has been under orders to be in readiness for some time," said the Secretary. "It was part of our original plan to create provisional infantry regiments from the coast artillery."

The Secretary said that the work being done in Government arsenals was being done under orders from officers directly in charge of such work and that he had no knowledged of it.

Newport News, Va., May 16.—Orders directing eight companies of coast artillery at Fort Monroe to get in readiness for active service and to be prepared to entrain on short notice have come to Col. Ira Haynes, the commanding officer, and last night it was said that the companies were practically in condition to leave on a moment's notice.

FIRE ON A STEAMER.

Essex Returns to Norfolk After an Experience in the Bay.

Norfolk, Va., May 16.—W. R. Moore, a seaman on the steamer Essex of the Merchants and Miners Transportation Company, had his right leg sprained Thursday night when he was thrown to the vessel's dock by getting caught in a line of fire hose used by members of the steamer's crew to fight a fire among some cotton stored on the upper freight deck of the steamer.

The Essex left Norfolk at 7:35 o'clock Thursday night for Providence with 20 passengers and a large amount of freight. She was off Sewalls Point when the fire was discovered among the cotton. Captain Payne, master of the Essex brought the steamer to a standstill off Sewalls Point, and directed the work of the crew in putting out the blaze. In getting out the hose Moore was thrown to the deck.

Captain Payne assured the passengers on the steamer that there was no danger and the passengers watched the men at their work. After the fire had been gotten under control or practically extinguished, Captain Payne ordered the steamer turned back towards Norfolk, arriving here about 10 o'clock. A careful investigation was made on the steamer and as everything was found intact and no fire around the steamer continued on her voyage at 11:45 o'clock Thursday night.

SENT ON TO COURT.

J. C. Bell to Answer to a Jury for Attack on Mrs. Ruth Bell.

Norfolk, Va., May 16.—J. C. Bell was yesterday sent on by Justice Barron in police court on the charge of murderously assaulting his wife Ruth Bell.

The crime with which Bell is charged is one of an unusual nature, it being alleged by his wife that he attempted to force carbolic down her throat and did succeed in making her swallow some of it and then poured it over her face, afterwards breaking the bottle and attempting to cut her throat with the broken glass.

The affair occurred on the morning of Sunday, May 8, at the home of Thomas Blanchard, a brother of Mrs. Bell, where she had gone to escape her husband, from whom she had separated. Mrs. Bell was in court this morning, showing the effects of the acid on her face. She is apparently about twenty years of age and notwithstanding the burns still retains a very comely appearance.

Mrs. Bell stated that on the morning of the assault Bell came to her brother's house where she was asked to see him privately. She took him to a room upstairs and he then asked her to return to him, which she refused to do. He then took the bottle of acid from his pocket, threw her to the floor and attempted to force it down her throat. She struggled and the acid was spilled over her face and throat. In the struggle the bottle was broken and Bell then used the jagged edge in an effort to cut her throat.

She finally escaped and ran screaming out of the house, just as the congregation of Leckies Memorial Church, which is next door, was emerging. Bell made his escape, but gave himself up at Second police station that night.

Complainant—Vs.

The Emerson Steam Pump Company, a corporation; and the United States Trust Co., of the District of Columbia, a corporation, Trustees, Defendants.

IN CHANCERY.

To Orren G. Staples, The Emerson Steam Pump Company, a corporation, the United States Trust Company, of the District of Columbia, a corporation, Trustee, and to the creditors and bondholders of the Emerson Steam Pump Company, a corporation; and all other parties who may be interested in this suit.

Take notice that I have fixed Tuesday, the 2nd day of June, 1914, at 10 o'clock A. M., at my office, 128 S. Royal street, in the city of Alexandria, Virginia, as the time and place when I will proceed to execute the decree rendered on the 21st day of April, 1914, by the Circuit Court of the City of Alexandria, Virginia, in a certain chancery cause therein depending, wherein Orren G. Staples, who sues, etc., is the complainant; and the Emerson Steam Pump Co., a corporation and the United States Trust Company, of the District of Columbia, a corporation, Trustee, are the defendants; by the terms of which decree I am directed to inquire, ascertain and report to the said court upon the matters following, to-wit:

First. All liens by deed of trust, mortgage, judgments, or otherwise upon the property, real, personal and mixed, of the defendant, The Emerson Steam Pump Company, with respective priorities.

Second. The number and amount of the bonds issued by the defendant, The Emerson Steam Pump Company, secured by the deed of trust of mortgage dated July 1st, 1907, exhibited with the bill of complaint in this cause, and the number and amount of said bonds negotiated or sold by the said defendant and by whom the same are now owned and held respectively; and the amount of the interest matured and past due upon the said bonds respectively, and the present owners and holders of the coupons representing the accrued and past due interest upon said bonds respectively.

Third. All creditors of the said defendant, The Emerson Steam Pump Company, and the amount of their claims respectively, whether secured or unsecured, and the order of their priority.

Fourth. All the estate, real, personal and mixed of the said defendant, The Emerson Steam Pump Company, a description thereof, its location, whether in the State of Virginia or elsewhere; and all notes, bills, acceptances, choses in action and accounts receivable of the said defendant, and in whose possession the same are held, and by whom the same is owing, to the said defendant, including all property, real, personal or mixed, acquired by the said defendant to the execution and recordation of the said deed of trust or mortgage, and where

Fifth. Any other matter or thing which the said special commissioner may deem pertinent, or which, any part to this cause may require the said Special Commissioner to report.

Sixth. The said Special Commissioner before proceeding to execute this decree shall give thirty days notice of the time and place of the execution thereof by publication in the Alexandria Gazette.

And at the time and place named and at such adjournments as may be then or thereafter had, the parties to this cause and all others interested therein are directed to appear and submit testimony relative to such claims, or to such other matters or things as may be desired to have presented to the court in this cause.

HONORS TO JOHN BARRY.

Thousands of persons of all nationalities gathered in Washington today to honor the memory of John Barry, whose name shines brilliantly in the galaxy of the great naval heroes of which the United States is justly proud. The President of the United States was present, as were also many prominent national and municipal officials.

The statue to Barry will be a welcome addition to the capital city where the number of memorials to illustrious men is being augmented all the time.

Barry was an Irishman by birth, but like many others born in the Emerald Isle, he was an ardent sympathizer with the cause of the colonies, and with John Paul Jones and others took his life in his own hands by drawing his sword against King George the Third. Had the American cause failed, the men who played prominent parts in the revolution would have found no mercy from Britannia, hence the daring of our forefathers.

Treason doth never prosper: what's the reason?
Why, if it prosper, none dare call it treason.

But the treason of the colonies prespered, and we call it a revolution.

The haughty King George and his obdurate ministry were forced by the good sense of the majority of the English people to acknowledge the independence of the United States, and the illustrious men who risked their lives or shed their blood in the cause of liberty will never be forgotten.

The important part played by sons of Erin in the cause of America is often referred to by public speakers on occasions similar to that of today, when honors appropriate to the memory of adopted sons are conferred.

The honors to the memory of Barry by the exercises around his heroic statue in the capital of the United States today were due to the great hero

THE CHURCH AND TOBACCO.

Since the day a servant saw Sir Walter Raleigh smoking a pipe, and, supposing he was on fire, dashed a pail of water in his face, certain people, who have no taste for tobacco, have ever and anon expressed their disapprobation of the use of the Indian plant by others. The church has been one of the most determined foes to the use of the plant, and the proceedings in the conference of the M. E. Church at Oklahoma on Thursday show that the foes of the soothing production of nature are as inexorable as ever.

Rev. D. H. Kern, of this city, presiding elder of the Alexandria District, made futile attempts to prevent the adoption of a committee's report which bars all preachers in the conference from the solace derived from the use of tobacco in any form.

Times change and people change with them. When coffee was first introduced in England many well-meaning people in certain ecclesiastical bodies held up their hands in horror at the innovation, and for a time the English coffee room was regarded with about as much contempt as gin shops are at present by many.

It is recorded of the Pilgrim Fathers, who soon appreciated the pleasant effects of tobacco, that they carried their flints and steels into the log houses in which public worship was conducted, and when the preacher reached the thirteenth division of his sermon, they would strike fire and light their pipes.

The use of tobacco gradually spread into all parts of the world after the discovery of America. The white man was quick to acquire the habit from Indians of chewing and smoking, and the aborigines often met in conclave with the strangers and smoked the pipe of peace.

We are not among those who see the hand of his satanic majesty in a cigar, pipe or a bar of tobacco, and Rev. Mr. Kern spoke logically when he called attention to the fact that the conference had no right to prescribe one course of life to a minister and allow the laity to use their own discretion in certain matters. If it is wrong for the preacher to smoke a cigar, it is also wrong for the occupier of the pew to do so. The Christian religion provides no rules of life, but one strait gate is the objective point of all.

Paul had to contend with the prejudices of people whom he met in his day. In speaking of questions which annoyed others concerning meat and drink, he said, "Let every one be fully persuaded in his own mind." His words might apply to tobacco, which gives so much concern to certain persons in our day.

UNCERTAINTY OF IDENTIFICATION.

The negro who was arrested in Richmond a few days ago at the instance of Mrs. Adams, who was positive that he was the man who attempted to assault her recently, proved an alibi yesterday. The accused showed by six witnesses that he never left the place in which he slept on the night of the alleged attempted assault.

Miss Chenault, of the same city, who was assaulted about the same time, stated positively that the negro who was shot and killed by an officer who supposed he was the man who ill-treated the young woman, was not the man who attacked her.

Several times during the past few years it has been shown that innocent men have been the victims of mobs in the wild search of the latter for negro ravishers. There is always more or less liability of making serious mistakes. Mrs. Adams had positively identified the man who had been taken in custody, and had the people of Richmond gone off half-cocked, another murder would have been added to the already too long list in our southern country.

Many years ago a woman was ill-treated by a negro in Georgetown. A man was arrested, and the victim swore positively that he was the guilty party. The accused in a few days proved he was up the Chesapeake and Ohio Canal at the time of the assault and over a hundred miles from Georgetown. Another negro was arrested on the charge of committing the crime. The woman also identified him, and he subsequently confessed that he was the guilty party.

A negro was being held in Alexandria a long time ago for attempted assault upon a white woman. About that time the late William Lyles, was murdered near Piscataway, Md., and the negro perpetrators of the deed having been arrested in this city, Alexandrians went to Upper Marlboro to testify before the court. While there they visited the jail where they found a negro prisoner serving a sentence for a misdemeanor who was the complete double of the man in the Alexandria jail.

Thirteen Killed in Explosion.

Detroit, Mich., May 16—Thirteen workmen were killed and eleven injured yesterday when a series of explosion of chemicals and gun cotton followed a fire which resisted the efforts of firemen to penetrate the ruins, that destroyed the one-story concrete building of Mexican crude Rubber Company in the western part of the city.

Ten of the thirteen dead were probably killed outright by the force of the explosion. Eleven others were injured. The detonation threw to the floor men in adjoining buildings. Three more were seriously burned by the flames, and succumbed within an hour after being taken to a hospital.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifacations prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital**, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

NEWS OF THE DAY

The question of the right to die has been raised again by a tragedy at Herschberg, in Silesia. Dr. Timme, head master of a school there, killed his wife, and then attempted suicide. He told the police that his wife suffered such pain from an incurable cancer that for weeks she had implored him to put an end to her sufferings. At last he decided to do so, and to take his own life at the same time. Yesterday morning his wife was found dead in bed and Timme gravely wounded. If he recovers he will be blind, as his sight is destroyed.

Five hundred men and women strikers from the rattan factory of the Heywood Brothers & Wakefield Company, in Wakefield, Mass., attacked 20 workmen with stones and clubs at the factory gates yesterday. The workmen were chased in all directions, three-score fleeing into the town hall two blocks away. Superintendent R. F. Stout, of the cane department, was knocked unconscious by a rock. James McDonald, night watchman, was stoned, kicked and clubbed when he went to Stout's assistance. Twenty other operatives were injured. Police dispersed the rioters after a battle.

Burton W. Gibson, the attorney who was tried twice on the charge of murdering "Countess" Szabo, was sentenced to not less than five years and not more than ten years in jail and fined $7,800 yesterday afternoon by Judge Swann in New York, following conviction on the charge of forgery and perjury in connection with the woman's will. The jurors which tried Gibson in the murder charge at Goshen, N. Y., disagreed. Judge Swann ruled that if Gibson has not paid the $7,800 at the expiration of his sentence he will have to serve an additional five years.

Private Samuel Parks, Twenty-eighth United States Infantry, orderly to one of General Funston's staff officers, was executed within the Mexican lines outside Vera Cruz without a trial. Parks, at the time of his capture, and it is assumed at the time of his execution, was wearing the uniform of the United States. Confirmation of the murder of Parks was received at the State Department last night through Senor Cardoso, Brazilian Minister at Mexico City.

Mrs. George Post was killed and three persons were injured, one seriously, yesterday when an automobile in which they were riding turned turtle near Chicago Heights.

The bodies of Mrs. Dennis Massie, seventy-five, her son, Robert, fifty, and her daughter, Mary, forty-five, were found at their home at Greasy Ridge, near Ironton, Ohio, yesterday. The mother's body was found in the front yard. Her throat was cut from ear to ear and her skull beaten to a pulp. The body of the son was found near the barn. His head was crushed. The daughter's body lay on the kitchen floor. Her head was nearly cut off. Harley Beard, arrested at Chicago as he alighted from a train from Ironton, Ohio, yesterday afternoon, confessed to the triple murder.

The superb paroply of the United States military, the staunch loyalty of fraternal organizations and the high ideals of American patriotism today joined to make memorable the solemn ceremonies attendant upon the unveiling of the memorial to Commodore John Barry, the Irish-American hero, who helped to lay the foundations for the respect the American flag now commands on the seven seas. Detachments from the army, navy and Marine Corps, delegations from nearly a score of patriotic Irish-American societies, and hundreds of citizens joined in a martial parade in honor to the naval commander. And when the paraders are brought to attention before the grandstands built around the Barry memorial in Franklin Park, Washington, a program of orations and music commenced with President Wilson, half the members of his Cabinet, dozens of Senators and Representatives in Congress, and hundreds of prominent Irish-Americans as auditors.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

Praises This Remedy for Lung Trouble

Many people are led to believe that Lung Trouble is a disease which cannot be conquered. This is wrong, as many have fully recovered their health. A change of climate has helped some, but many more have been restored to health by breathing the freshest air, eating well-cooked, wholesome food, being temperate in their habits and adding the tonic qualities of Eckman's Alterative, a medicine for Throat and Lung Troubles. Investigate this case:—

Bowling Green, Ky., R. No. 4.
"Gentlemen: The spring of 1908 I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came for the better. I had night sweats, and would cough and spit until I got so weak I could hardly do anything. But at last, James Deering, of Glasgow Junction, insisted that I try your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I firmly believe that Eckman's Alterative will relieve any case of lung trouble if taken before the last stage."
(Affidavit) A. C. BETTERSWORTH.
(Above abbreviated; more on request.)
Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

DR. KERN LOSES FIGHT.

Southern M. E. Conference Votes to Require Anti-Tobacco Pledge of New Ministers.

Oklahoma, City, Okla., May 16—The Rev. D. H. Kern, of Alexandria, Va., led an unsuccessful fight on the floor of the conference yesterday against the adoption of a committee report which requires applicants for the ministry of the church to pledge to abstain from the use of tobacco in any form during their service as minister.

Mr. Kern spoke in favor of a minority report, signed by 14 members of the committee, which not only opposed the majority report but opposed any further legislation upon the tobacco question at this conference.

The minority report lost by a vote of 89 for and 137 against. The majority report carried by a vote of 182 for to 116 against.

Mr. Kern was followed by the Rev P. M. Culver, of Fort Worth, Tex The principal argument in support of the majority report was made by the Rev. M. T. Shaw, of St. Louis.

Mr. Kern opposed the majority report on the grounds, he said, that the proposed legislation discriminated between ministers and laymen, and between ministers who are now in the church and those who apply for admission.

Chief interest in the conference last night was centered upon the reports of the special committee on the Vanderbilt matter and the possible locations of the two educational institutions which is recommended in the minority report.

The committee calls special attention to the building of the new Southern Methodist University at Dallas as being a suitable place for the establishment of one church school. Delegates from North Carolina will urge the location of the other at Trinity College, Durham, while another proposition will be presented in the interest of Emory College, Oxford, Ga.

The majority report recommends complete withdrawal of all right, title and interest in Vanderbilt university and the creation of a commission to be composed of 16 members with power to locate and establish two institutions of higher education, one to be located east and another west of the Mississippi river . This commission would be empowered to receive donations, and to make contracts either to establish new universities or to take over any educational institution now established, provided the ownership and control can be secured to the Methodist Episcopal Church South in perpetuity.

The minority report maintains that the church has not lost its right in Vanderbilt, despite the decision of the Tennessee court. The minority would test church right to control institution and would not take any action until the next general conference.

Resolutions were adopted commending Secretary of the Navy Daniels for his stand against the use of liquor in the navy.

"GEN" COXEY AT BRUNSWICK.

The "Army of the Commonwealth" Dwindles to Six Privates.

Frederick, Md., May 16.—"General" Coxey and his "army" of six privates arrived in Brunswick yesterday afternoon from Harpers Ferry. The "General," Mrs. Coxey and their daughter headed the "army' in a buggy, followed by their son on a donkey and a bugler and drummer on foot.

Coxey delivered an address at the Public Square last night before a large crowd of railroad employes. His trip was in contrast to his visit there 20 years ago, when his army of about 100 passed through the town on two canal boats on the Chesapeake and Ohio Canal. Coxey and his family registered at the Young Men's Christian Association. He will arrive in this city tomorrow and remain until the following day.

He said he will continue his march to Washington even if deserted by all but his family.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

CAN YOU GRASP IT?

You look upon ice in summer as a sort of luxury to "keep" foods in condition and lower the degree of humidity. But do you not also know that ice is a necessity for the prevention of much sickness and possibly, death. The cooling effect of ice keeps down fevers and prevents many troubles due to the heat. We sell the best and purest ice and charge the least for it.
